

AirLink® Complete Pro Focus on Your Business Rather Than Your Devices

AIRLINK COMPLETE PRO

Manage and maintain devices with peace of mind

AirLink® Complete Pro is a subscription service that enables organizations to keep their fleet of devices operating as intended, while focusing on what matters most to their business, by letting the experts at Sierra Wireless take care of device monitoring.

Expertly Monitored Devices

The experts at Sierra Wireless proactively monitor your fleet of devices deployed in the field to reduce the demands on your time and technical resources. Our experts will:

- Monitor device health and performance
- Monitor usage patterns
- Communicate and remotely manage firmware updates to keep devices up-to-date
- Set up device and usage alerts to suit your business and operational requirements
- Provide a monthly summary report on device health and usage.

Reduced Risk of Downtime

Sierra Wireless detects changes in usage patterns that can help identify a security vulnerability or rogue usage of your deployed AirLink® devices. Combined with Sierra Wireless's 24/7/365 technical support, you can achieve faster resolution of your issues.

Industry-Leading Security

With more than 25 years of IoT security experience, Sierra Wireless empowers enterprises to implement security best practices. Your device security is maintained with remotely managed firmware updates.
